IT'S MALCOLM OR THE CONSERVATIVES HERE

LIB DEM & LABOUR VOTES ARE WASTED AT MEON VALLEY ELECTIONS

WITH YOUR SUPPORT, MALCOLM CAN WIN HERE

YOU DECIDE

1. Which candidate works hardest for our area, including working against further housing development?
2. Which candidate is free to speak up for our area rather than being made to vote against local interests by their party, which tells their Councillors how to vote?
3. Which candidate, apart from the Conservatives, can win?

The answer is clear. Voting for anyone but Malcolm Wallace will result in the Conservative candidate winning, which will only add another Conservative to those that already represent Meon Valley.

Vote Malcolm for a strong, independently-minded voice for our area, putting residents and not party politics first.
