Danny Lee, your hard working Green candidate

Local Green candidate Danny Lee says “I’m impressed by how much Green Councillor Malcolm has been able to achieve in under a year, speaking up for residents on climate action, winning Council motions to protect our rivers and to ban oil and gas extraction. As well as the many other responsibilities he carries out he regularly speaks out and is quoted in the media.”

“My voluntary work with WinACC and Citizens Advice as well as a local green energy company means I know how much there is to do to protect our way of life in the local area. Here are my top priorities which are also top of the list from Green Party surveys across the Council area.”

- ✓ Protecting our local environment
- ✓ Traffic safety – less speed, better state of roads
- ✓ More recycling, less waste and improved energy efficiency for all
- ✓ Standing-up for the vulnerable
- ✓ Influencing the Local Plan for best sustainable developments, especially affordable housing

## YOUR VIEWS ARE IMPORTANT TO DANNY & THE GREENS!

Green candidate Danny says, “Local Green campaigners and I are out all year round talking to residents like you at the door about what is important to you and helping to make your voice heard with the council.

We hear your worries about road and pedestrian safety, along with speeding, potholes and road noise.

Over-development, litter and fly-tipping are high on the list - and, not least, protection of the environment.”

Danny is often out listening to local residents’ concerns
