

ABOUT DANNY LEE

A Hampshire resident for nearly 50 years, Danny moved to Droxford to be part of the Meon Valley community with its outstanding natural beauty and way of life. After retiring from active service as an officer in the Royal Navy, he launched his own Sustainable Construction company and volunteered for Citizens

Advice as well as joining Winchester Action on Climate Crisis as a trustee. This variety of experience has helped Danny understand the everyday needs of local people and what must be done to combat the very real threat of climate change.

3. Which candidate, apart from the Conservatives, can win?

The answer is clear: voting for anyone but Danny Lee will result in the Conservative candidate winning. And when Danny is elected, there will still be a Conservative councillor in office representing Central Meon Valley.
